Importance: High

All: I've revised the response as we discussed at my general, just item 7. I added the website reference for tolerances and rewrote the last sentence as Mike suggested.

I also renamed the document. Dan – the new version is attached with the 11 documents they requested. I deleted the old version.

Subject: Draft response to May 5 OIG request for 3 neonics

Mike:

I've attached our draft response to the May 5 IG request on the 3 neonics. Also attached are 11 documents that they requested, some of which they have been provided in the past.

Our answers are embedded under each question in their original document below the table. They are in brown font.
